Nendo Design, founded by architect Oki Sato, teams up with rug company Nodus to craft this exquisite 'one-stroke' rug, in which the decorative pattern is created with one very long single line - "during the making of which the pen was never detached from the sheet of paper" explains Oki. Each piece is hand-tufted by craftsmen in India over the course of six months and invites the observer to trace the trajectory of the pattern with their eyes. | 建築師佐藤大彌立的 Nendo Design 與地毯品牌 Nodus 合作這款精美的「單線」地毯，僅用一條長線繪出複雜圖案。每件作品均由印度工匠以半年時間以人手織成而成，以獨特設計吸引你邁向其絢麗裝飾。 nendodesign.com
