

The background of the entire page is a dense, abstract composition of thousands of thin, vertical threads or fibers. These threads are colored in a variety of shades, including bright yellow, deep red, and muted purple, creating a vibrant, textured effect that resembles a close-up of a textile or a microscopic view of a material.

Abraham Brioschi

Suri Rug (detail)

Suri Rug by Abraham Brioschi for NODUS

Inspired by his Ethiopian origins, particularly the Omo Valley tribes, Abraham Brioschi incorporates the scarification patterns of the Mursi and Suri peoples. By using wool to recreate these traditional scar designs, Brioschi blends African traditions with Italian design.
